

Grade 2 News

Hello Second Grade Parents,

This is our first monthly newsletter. You will be receiving a newsletter the first Friday of each month. We hope it keeps you informed of what's happening in second grade. Have a Great Month.

Mrs. Teresa Stosio
Mrs. MaryAnn Beam

Religion

**In Religion class we have been learning about the first sacrament that we received. The sacrament of Baptism made us a member of God's Family the Church. We will begin discussing and preparing for the Sacrament of Reconciliation. Our first Parent/Child Reconciliation meeting will be October 11 at 6:45pm in the PLC. It is important that your child attend along with at least one parent. If you have any questions, or you cannot attend; please let Mrs. Stosio or the Religious Ed. office know as soon as possible.

Math

**We have completed Chapter 1 in our Math workbooks which reviewed the addition and subtraction process.
**Chapter 2 covers fact strategies for addition and subtraction.
**Your child should be working on memorizing the addition facts to 18.
**The flashcards sent home need to be returned to school each day. We will often use them in the classroom.

Health/Science/Social Studies

**In Health the students will be studying about self esteem and feelings during the next few weeks.
** In Social Studies we have been studying maps and communities.
**During Science class we completed our unit on plants and are discussing animals.

Reading

**Each week your child reads a trade book with his/her class. Each student also has a bag book that is read with the teacher individually. The bag book helps the teacher monitor your child's oral reading ability and progress. This book does not come home. Accelerated Reader books are read to obtain points toward your child's individual goal. Test scores from these books are used for comprehension grades in Reading.
