Assigned: 10-29-09

Due 11-2-09

Expository Essay—Problem/Solution

Every school has its problem students who annoy the teachers and pick on others and get into trouble. Every school has a different way of dealing with these students, but not everything is effective. Explain some of the things the problem students (do not use names) do at your school. Then write an essay to propose some solutions to keep these problem students from being annoyances to everyone.
