### **Who is Matthew Kelly?**

Matthew Kelly was born in Sydney, Australia, where he began his lay ministry in 1993. Since that time he has travelled in more than fifty countries and spoken to over three million people. Just last year he was Invited to speak to over **50,000 high school** students. He has written thirteen books which have appeared on the *New York Times*, *Wall Street Journal*, and *USA Today* bestseller lists and been published in twenty-five languages. He has author of **4 of the top 10** Catholic bestsellers. His titles include: *The Rhythm of Life*, *The Seven Levels of Intimacy*, *The Dream Manager*, *Building Better Families*, and *Rediscover Catholicism*.

### **Why attend?**

The goal of these events is to inspire and educate people to become the-best- version-of-themselves by teaching them how to practically apply the genius of Catholicism to every aspect of their lives, including: work, marriage, personal finances, prayer & spirituality, dating, health & well-being, parenting, and community involvement.

Through participating in the retreat, individuals will obtain the tools necessary to become the most dynamic and highly engaged members of their parish communities, with the potential to unleash a wave of renewal in the Catholic Church across America. The example of men and women living the life that God invites them to with passion and purpose will reinvigorate our communities, the Church, and ultimately, the whole world.

### **What Will I Receive?**

Each participant will receive a program/workbook, Mass Journal, pen, and other materials. All materials will be provided by *The Dynamic Catholic Institute*, in conjunction with *The Matthew Kelly Foundation*. These materials are essential to helping the experience to live beyond the initial retreat and allowing the event to become the beginning of a life-changing journey with God and his Church.

### **How Much Is It?**

Tickets for the one-day retreat are **\$39 per person**, including materials. Please note that lunch will NOT be served.

### **Is this suitable for children?**

Children? No. Teenagers? Most definitely. It's in the teenage years when young people start testing, searching, questioning all they've been previously told. Matthew's ageless and powerful message can help young people sort out some of those very important life questions.
